Eerdmans. 1 Paperback(s), 2001. soft. Book Condition: New. Postmodern thought rejects metaphysics as a viable way to explain the universe. But here Oliver Daviesauthor of Meister Eckhart: Mystical Theologian and other studies of Christian mystical writersargues for a renewal of metaphysics as the language of all creation, based on a dynamic new understanding of ontology as divine speech and performance. His repairing of the Western metaphysical tradition as a compassionate theological system is grounded both in God's self-naming in Exodus (which, for the rabbis, identified God's presence in the world with His compassionate acts) and in the compassionate resistance of Etty Hillesum and Edith Stein to the violence of the Holocaust."Oliver Davies interweaves many texts, periods, and disciplines with a sure sense of the heart of Christian truth and life."David F. Ford 376.
