Reviews

The most effective publication i at any time read. We have study and i am sure that i will likely to read yet again once again in the foreseeable future. You will not truly feel monotony at anytime of your time (that's what catalogs are for about in the event you request me).

Laramidia Press. Paperback. Condition: New. 84 pages. Dimensions: 7.8in. x 5.1in. x 0.2in. A third volume of short fiction by unacclaimed reclusive author E. N. Larsen. The five stories depict the lives of misfits and the deeply flawed as they deal with their daily reality. The stories show that the author cares deeply about his characters, who bear the burden of shame for who they are, what they desire, or just what they want out of life-- women and men who have trouble dealing with day-to-day life even though they have all of the advantages of modern society. The question is whether society has ultimately failed them or they have failed society. Surprisingly funny at times, always poignant, the darker, deeper currents of these stories will touch the reader. Stories include: Big Brother Like most of us, the narrator of this story tries to fix problems on the inside by doing something on the outside. If you become a lawyer, you'll be happy. If you make a million dollars, you'll be happy. Etc. Evergreen Pointe Apartments West A grim, satirical look at postmodern America and the corruption of the elites. Portions of the story have been redacted by the author in the spirit of the era. Stuff Most people regard hoarding as a bad thing, something to be avoided. Not here. Stuff is a exuberant, yet misguided, ode (but without all the rhyming and/or singing) to hoarding. Binky A disturbing juxtaposition of things that just shouldn't be juxtaposed--a husband's immaturity against his sexual appetites--a story that makes you say, Please stop juxtaposing. Enough juxtaposing already. Grocery Shopping A voyeur finds a new target. Instead of the voyeurism toward crime she's so used to, she tries something new, supermarket voyeurism, and finds out something about her subjects that makes her, voyeur de...
