Reviews

*It becomes an amazing ebook that we have possibly read through. It is really simplified but surprises within the 50 % from the ebook. You can expect to like how the blogger compose this book.

MONDRAGON (PAPERBACK)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.BURIED DEEP IN OUR DNA, SOMETHING ANCIENT IS AWAKENING The year is 3231 CE. Humanity is changing, and EXO special warfare operator Derek Mondragon can barely keep up. For one, human has left the lexicon-- accidentals, as biologically unaltered humans are known, occupy Earth and Mars with newstylers, a growing class of bio-engineered shapeshifters. When the newstylers rebellion ends in an uneasy truce, Mondragon and his buddy Don are sent to clean up. It was supposed to be by the book--in, out, easy. But Don, a Gnosint trained from birth to read unreadable patterns, takes a pulse laser round to the head. Waiting for his friend to recover, Mondragon remembers Don s most recent obsession: the fifteenth-century Voynich manuscript. There was something about a prophecy, a cryptographic key hidden in the deepest strands of human DNA. but there s no time. The Emperor has issued the Edict of Shanghai, a decree making the bio-engineering of Mars s hatchery children obligatory--and it won t be long before Mondragon s daughter is among them. Mondragon s days of playing by the rules .are over. Aran Jane s Mondragon is a stunning and deeply complex debut that explores what it means to be human. Blending philosophy, theoretical science, and breakneck action, Mondragon chronicles the full spectrumo f nature and artifice through one man s rebellion against a tyrant s plot.
