

Federal Income Taxation of Business Organizations (Hardback)

By Jr. Martin J. McMahon, Daniel Simmons, Paul McDaniel

West Academic, United States, 2014. Hardback. Condition: New. 5th Revised edition. Language: English . Brand New Book. The Fifth Edition, like earlier editions, explores in depth in a single volume both the technical and policy issues associated with taxation of partnerships, C corporations, and S corporations. It is specifically designed for a course focusing on comparison of partnerships, C corporations, and S corporations, while presenting selected in-depth coverage of advanced issues. Adaptable for use in a wide variety of courses or sequence of courses dealing with taxation of business organizations at either the J.D. or LL.M. level, it can be used to teach partnership taxation, basic corporate taxation, or corporate reorganizations. Arrangement of both the subdivisions within the chapters and the Detailed Analysis following the principal cases, revenue ruling, or introductory overview text, facilitates assignment of selected portions of the material on any particular topic to suit the individual instructor's choice of method and scope of coverage. Within each section, the book moves from the straight-forward to the more complex rules associated with the topic. The Fifth Edition of Taxation of Business Enterprises is accompanied by a comprehensive Study Problems for classroom discussion and a thorough Teachers Manual.

Reviews

The best publication i actually study. I actually have study and so i am confident that i am going to likely to study once more yet again later on. You will not sense monotony at at any moment of your respective time (that's what catalogs are for relating to if you ask me).

-- **Ernest Bergnaum**

Thorough guide for ebook lovers. I am quite late in start reading this one, but better then never. Its been designed in an remarkably straightforward way which is simply soon after i finished reading this publication in which actually altered me, affect the way i think.
