Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Word from the Author: How can people say they Love you when they know you could ve been home, had they gotten off their asses to help you? How can Loyalty be accepted when people know nothing about it? How can Respect be granted when no work has been placed into it? How can you hold your head high for Honor when you ve never achieved it? These words that people use every day are misplaced, surely had they been understood right, Murder wouldn t exist! Which leaves two elements left.: Sex holds no true meaning , only the satisfaction of knowing that they ve done it. Last but not least, Trust is the most/sound word in its existence, but ruined by everything mentioned before it!.
