

## Magical Math: A Book for Young Children and Their Parents (Paperback)

Filesize: 2.18 MB

### **Reviews**

*This ebook is great. I am quite late in start reading this one, but better then never. I am just easily will get a satisfaction of reading through a composed pdf.*

**(Brendan Doyle)**

**MAGICAL MATH: A BOOK FOR YOUNG CHILDREN AND THEIR PARENTS (PAPERBACK)**

Vision Academy Publishing, 2017. Paperback. Condition: New. Adrienne Georgia, Quinn Georgia (illustrator). Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Parents are looking for ways to nurture a love of mathematics in their children, but many don't know where to begin. Kids are often alternately bored and confused by the way early math is presented to them, which leads to a lasting distaste for the subject. Magical Math is a solution to both problems, showing parents how to engage children in mathematical thinking through stories, activities, and games. It also educates parents in the big picture of what an excellent early math education should look like, providing ideas for applying the principles in everyday life. This approach builds thinking skills and leads to an organic but solid sense of math as a useful and beautiful endeavor.
