Filesize: 8.54 MB

Reviews

Thorough manual for pdf lovers. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Pub Date :2012-09 Publisher: East China Normal University Press Introduction bit big boys daily to wash their hands more than six hours. but still do not think clean. A woman. in order to ensure her eyebrows symmetrical. a root plucked out their eyebrows. Another patient. if he did not force yourself to complete a well-designed ritualized action. he would not be able to walk into his own house. There is a gas stove. he must check hundreds of times to make sure he really turn off the stove. All these people are suffering from something called obsessive-compulsive disorder problems. Obsessive-compulsive disorder is a common disease. far beyond our imagination: at least 10 million Chinese people have been disturbed by the disease. The most painful disease that patients knowing that some of their bizarre behavior is inappropriate. but is unable to control. The boy can not stop to wash their hands tells the story of some patients with heart full of conflicts. The vast majority of patients themselves write their own stories. plus doctors and patients to work together. with the successful treatment of obsessive-compulsive disorder is still in the test method and a more mature approach. usually. these successful therapy in combination with medication and behavioral therapy. The Swiss slope slope Dr. Dement book some instances (for example: a love affair. etc.) to explore the boundaries of the normal and compulsive behavior. Until now. patients with obsessive-compulsive disorder is usually quiet and shy about their own kind of does not make sense. and their inner conflicts. However. as we understand more and more of the causes and treatment of this disease. the kind of shy feeling gradually faded....
